

## IT'S A GOOD POLICY

Always to conserve your resources, but don't do so to the detriment of your earning powers. In other words, don't be stinting in your clothing appropriation, for the very good reason that you cannot combat the present day conception of apparel necessity. The twentieth century demands good clothes and you cannot afford to ignore the demands of the times. The variety of attractive suitings in this establishment, together with the skill of our workmen, enables you to consistently conform to the requirements of society—and without increasing your apparel appropriation.

#### FOOTBALL PLAYER WANTS TO FIGHT JACK JOHNSON FOR CHAMPIONSHIP

Cambridge, Mass., July 11.—Earl V. M. Long, substitute center on the Harvard Varsity 11 last fall and one of the best developed men the college has had for years, has the pugilistic fever.

He wants to meet Jack Johnson in the ring and thinks he can wrest the title from the world's champion.

Long is nearly as big as Johnson and always has been in perfect condition, due, he claims, to his scientific selection of food, which costs him not more than a dollar a week.

is now playing second base for Omaha and is making good.

This Texas league is going some. The three leading teams have less than five points between them in winning or losing one game switches the entire standing. The fans less than two weeks ago were predicting Dallas out of the running and that team is now fighting hard for the leadership.

#### TEXAS LEAGUE NOTES.

By Horace H. Shelton.

(Continued From Previous Page.)

It looks as if he was destined to go the route of his seven predecessors.

Umpire Jay Kautler has graduated by request from the Texas league. He is looking for a berth elsewhere.

Galveston has released Shortstop Sandherr. He has been suffering with a bad knee.

Doc Andrews is not with the Oklahoma Indians of the present trip. He is ill in Oklahoma City with fever. Red Downey is acting as manager of the team.

Joe Dailey, who played with Houston early in the season, is doing such excellent work in the Southwest Texas league that Houston is figuring on bringing him back.

Two men who played with Fort Worth earlier in the season are now with the Longview (Texas) Cannibals, an independent team. They are John Francis, catcher, and Farrar, pitcher, and are doing good work.

Another "red head" has been added to the Auburn haired wonders of the Oklahoma Indians. The latest recruit is Morton, the new pitcher, who has won three out of four games pitched.

Ellis Hardy will replace Brooks Gordon as manager of the Waco baseball team in 1911. Hardy has been coach for the Texas Christian university for a number of years and has turned out some of the fastest college players in the United States. He will spend this summer and fall scouting for new players for the team next year. He has had the college champions every year since he has been with the Texas Christian university.

McConnell, the new shortstop for Dallas, is playing exceptionally good ball. His work is largely responsible for Dallas climbing the ladder so rapidly. Errors at this position had lost Dallas many games previously to his coming to the team.

Under the direction of "Bill" Lattimore the Fort Worth team seems to be doing as well as when Walter Morris was actively in charge. Bill has a good head on him and is doing excellent work.

Umpire Hurlburt, one of the new men handling the indicator for president Allen of the Texas league, is well known to Texas fans. In 1898 Hurlburt did the principal end of the receiving for the Dallas team when McCloskey was manager. He graduated from Texas to the New England league and from there to the Pacific Coast league, thence to the Eastern league, and then to the Southern league, always playing good ball. Now that age has got the best of him he is watching younger men play while he passes judgment on their plays.

Fort Worth is a little crippled just at present. Elmer Coyle, first baseman, is out of the game and Bill Lattimore, captain in Morris's absence, is limping around with a badly spiked ankle.

Nig Perrine is being missed from the lineup of the Oklahoma Indians. He

## THE NEW FRENCH DIRIGIBLE

First Views of Ship to Carry Passengers in This Country.

AN AMERICAN AIRSHIP LINE

First pictures of the French dirigible the Zodiac IV, to be used for passenger service between Narragansett Pier and Newport. At top Stewart Davis is seen in the pilot box. Below is the Zodiac IV in flight over a field in France. Mr. Davis recently arrived with his new airship in New York, and immediately shipped to Newport. The young aviator with a number of wealthy citizens of Providence, R. I., his native town, has organized a company to conduct the first American aerial transport line. If their venture proves successful, other and larger airships will be added to the fleet.

Cleveland management took Cy out of the box after the second inning. More fame and money fell to Olamabala, R. T. Wilson's horse, by winning at Empire City Saturday the Brighton handicap and \$6000. The field was good, but the track bad.

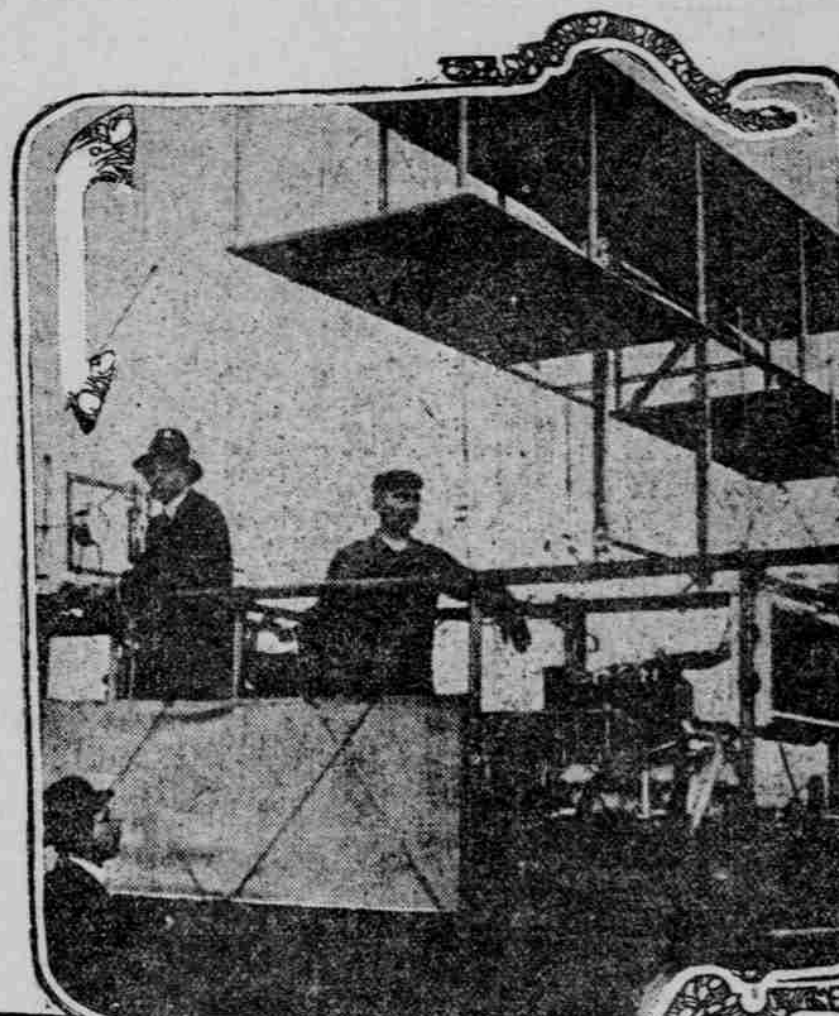

Rube Guver, St. Louis National pitcher, is in a bad way. He will draw no more pay until his arm is in condition. Manager Bresnahan says so.

New York and Chicago broke even Saturday. The visitors outplayed New York in the first game, but an 11 inning battle which followed threw glory all around.

Boston has sold first baseman Myers to Toronto. Now they're going to Canada.
